

SolarMax Energy Systems

Swedish Livo inverter equipment container

Overview

Are Livo Gen4 heat pumps eco-friendly?

Slim, stylish and elegant, the latest Livo GEN4 units are designed to be energy efficient at an affordable price. These 17.5-20 SEER2 heat pump systems are built around GREE's variable speed compressor technology, using eco-friendly R410A refrigerant. Quiet, Efficient and Oh-so-sophisticated.

Is Livo Gen4 Energy Efficient?

Quiet, Efficient and Oh-so-sophisticated. The Livo GEN4 delivers efficient performance with an energy efficiency rating. Our inverter technology provides enhanced single-zone ductless heating and cooling system performance and energy savings with low power consumption, ultra-low frequency/ low noise, and precise temperature control.

What is the Livo Gen4 mini-split?

The mini-split adjusts airflow & temperature accordingly an indoor environment that's just right. Protects all coils against the corrosive effects of VOCs and outside air, extending the operating life of your single-zone air conditioning and heating system. Use our registration search to look up your Livo GEN4 system's warranty information.

Swedish Livo inverter equipment container

Pre-engineered Container Power Storage , Sano Energy

It is equipped with PCS, batteries, inverters, transformer, controller, breakers, HVAC, UPS, fire cabinet, emergency stop, wiring, and other necessary equipment to store and distribute power ...
