

SolarMax Energy Systems

Tajikistan 600MW energy storage project

Overview

What is Tajikistan's hydropower potential?

Tajikistan's hydropower potential is estimated at 527 billion kWh per year, which exceeds the existing electricity consumption of the countries of Central Asia by 300%. The country's largest project is the Roghun Dam Hydropower Plant project, which when completed is estimated to produce 3600 Megawatts of energy.

Can Tajikistan become a net energy exporter?

The Government of Tajikistan aims to transform itself from a net energy importer to a net energy exporter, on the strength of its potential for hydropower and solar power production. According to the World Bank, Tajikistan's power production is 92 percent hydropower, six percent hydrocarbon, and two percent from other sources.

How much power does Tajikistan have?

According to the World Bank, Tajikistan's power production is 92 percent hydropower, six percent hydrocarbon, and two percent from other sources. Tajikistan's hydropower potential is estimated at 527 billion kWh per year, which exceeds the existing electricity consumption of the countries of Central Asia by 300%.

Does Tajikistan need solar power?

The government is actively seeking support for development of solar power, noting that the country has an average of 300 sunny days per year, with mountain terrain unsuitable for farming allowing space for solar farms. Tajikistan is encouraging the use of electric vehicles, particularly in Dushanbe.

Will Tajikistan encourage electric vehicles in Dushanbe?

Tajikistan is encouraging the use of electric vehicles, particularly in Dushanbe.

This will require a significant increase in charging and monitoring stations. IEA: Tajikistan 2022 - Energy Sector Review.

How much power does Sangtuda hpp-2 provide in Tajikistan?

Up to present date, the station provides up to 11% of the total power generation in Tajikistan. The construction of Sangtuda HPP-2 officially began in 2006. For the construction of the facility, the Iranian company Sangob allocated US\$ 318.9 million, the share of the Tajik side was US\$ 40 million. The plant was launched in September 2014.
