

SolarMax Energy Systems

**The largest energy storage
peak-shaving system on the
island**

Overview

Pendleton Yacht Yard has provided transportation services in some shape or another for several decades on the island of Islesboro. It was officially incorporated as a yacht yard in 1983, but before t.

The largest energy storage peak-shaving system on the island

Pendleton Yacht Yard's Solar and Storage System

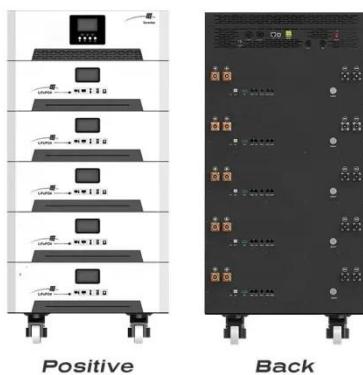

Pendleton Yacht Yard, on the island of Islesboro in midcoast Maine, saw huge electric bills due largely to spikes in power use from machinery. As part of installing a 40 kW solar array system ...

Industrial Application of Battery Energy Storage Systems: Peak shaving

The purpose of this paper is to demonstrate battery energy storage system applications used in industrial environment, highlighting the peak shaving function which has significant economic ...

[Get a quote](#)

Optimization of a Photovoltaic Hybrid Energy Storage ...

The energy storage peak shaving is used to improve the efficiency of the hybrid energy storage system, for the maximization of excess hydrogen to supply electricity to the islands.

[Get a quote](#)

What is Peak Shaving?

Peak shaving is the practice of lowering power usage during periods of peak demand on the electrical grid. It involves temporarily reducing energy consumption to prevent peaks, ...
