

SolarMax Energy Systems

The largest photovoltaic panel manufacturer in Côte d'Ivoire

Overview

Where is a new solar plant in Côte d'Ivoire?

The recently inaugurated solar plant in Boundiali, Ivory Coast. Image Source: RMT, Eiffage Energie Système A new solar plant that can supply electricity to up to 35,000 homes has been inaugurated in Côte d'Ivoire. Located in Boundiali in the north of the country, the plant has already been providing up to 37MW of power since June 2023.

Why is Côte d'Ivoire launching a solar power plant?

“The solar power plant is regarded as a model project for the expansion of solar energy in Côte d'Ivoire. It is an important contribution to the fight against climate change and a decisive step towards increasing the share of renewable energies in the country's electricity supply to 45% by 2030,” said KfW.

Where is Ivorian power plant located?

Located in Boundiali in the north of the country, the plant has already been providing up to 37MW of power since June 2023. It was officially launched this week by Ivorian Prime Minister Beugré Mambé and German Parliamentary State Secretary Bärbel Kofler.

What does PFO energy do in Côte d'Ivoire?

Côte d'Ivoire. PFO Energies will also construct an 8km 90kv transmission line to connect the project to the national grid. independent power producer (IPP) framework. These concessions collectively account for 600MW and a significant portion has been awarded to local Ivoirian companies.

Does Côte d'Ivoire have electricity?

Access to electricity in Côte d'Ivoire varies significantly between urban and rural areas. In 2022, 70.4% of the population had access to electricity with the rural, northern regions, facing the largest gap in access. Côte d'Ivoire. PFO

Energies will also construct an 8km 90kv transmission line to connect the project to the national grid.
