

SolarMax Energy Systems

The price of solar energy in Guatemala

Overview

Residential solar systems in Guatemala currently range from \$1.80 to \$2.50 per watt installed. For a typical 5kW system: Wait, no - those figures don't include the 15% tax credit available through Guatemala's Renewable Energy Act revisions. Actually, when you factor in government incentives.

The price of solar energy in Guatemala

Solar PV Analysis of Guatemala City, Guatemala

In Summer you can expect around 6.14 kilowatt-hours (kWh) of electricity per day for each kilowatt (kW) of solar panels installed. In Autumn and Winter, this drops slightly to around 5.80 ...
