

SolarMax Energy Systems

Vietnam Solar System Project

Overview

Viet Nam's ascendancy into the top ten global solar generators must be placed in the wider regional context of Asia. A rapid transition towards renewable energy is.

Globally, solar generation continues to go from strength to strength. In 2021, after an additional 143 TWh of solar capacity added to the world's energy mix.

Ho Chi Minh City, 19 June 2025 – Amid growing global challenges posed by climate change and the urgent need for an energy transition, the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH, Phuc Khang Corporation, and partner organizations have officially launched the “Balcony Solar Systems for Viet Nam” (BSS4VN) project.
