

## SolarMax Energy Systems

# What is a container photovoltaic base station

## Overview

---

A shipping container solar system is a modular, portable power station built inside a standard steel container. A Higher Wire system includes solar panels, a lithium iron phosphate battery, an inverter—all housed within a durable, weather-resistant shell.

## What is a container photovoltaic base station

### Solarcontainer: The mobile solar system

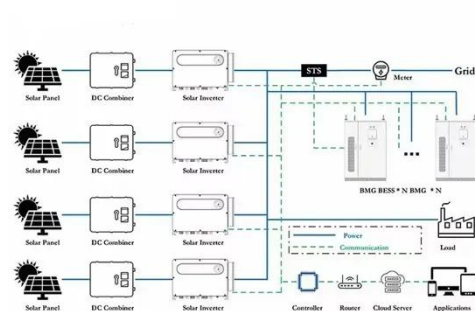

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail ...
