# Who are the suppliers of Huawei's green base stations

## Overview

---

What are the top 3 base station equipment providers in the world?

The top three base station equipment providers are China-based Huawei with the share accounting for 30%, Sweden-based Ericsson with 23% shared and the third one is Finland-based Nokia with 20% market shares. The noticeable point is amid US sanctions, Huawei still leads the global market share and continues its leadership.

Who owns the base station equipment market?

The report discloses that more than 70% of the market is covered by Chinese and European suppliers. The top three base station equipment providers are China-based Huawei with the share accounting for 30%, Sweden-based Ericsson with 23% shared and the third one is Finland-based Nokia with 20% market shares.

Does Samsung supply base station components?

Not only is Samsung supplying base station components to the three largest mobile network operators in Korea, but it is also collaborating with operators in the US (including AT&T, Sprint, and Verizon) while having established supply agreements with NTT DoCoMo in Japan.

What is the market share of base station equipment suppliers?

A world-leading market intelligence provider – TrendForce released the global market share analysis report of suppliers of base station equipment. The report discloses that more than 70% of the market is covered by Chinese and European suppliers.

Which 5G base station supplier has received the first overseas orders?

On the other hand, Japanese supplier NEC has received its first ever overseas orders this year, from British mobile network Vodafone. Japan-based Fujitsu, likewise, has also been chosen by the British government as an alternative

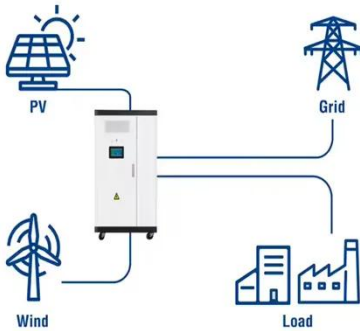

supplier of 5G base station equipment in place of Huawei.

Why is Huawei still leading the global market?

The noticeable point is amid US sanctions, Huawei still leads the global market share and continues its leadership. In reasons behind these growing shares are the product cost and high demand from the Chinese market.
