

SolarMax Energy Systems

Wind power system purchase

Overview

The following wind turbines represent solid designs, good build quality, and a satisfied customer base. While the essential design of the turbine itself will look similar throughout, there are a variety of sizes an.

Where can I buy a wind turbine?

You can buy wind turbines from WindEnergy7 direct, or buy wind turbines from one of our local wind turbine dealers. Buy our patented rooftop wind turbine system with hybrid wind/solar technology. We invented the only rooftop turbine that's safe and quiet for your home. Become Wind Turbine Dealer/Installer?

.

Should you buy a home wind turbine?

With more and more people becoming energy-conscious and wanting to save the planet from global climate change, there's an increased interest in home wind turbines. "Harness the wind!" It feels good to say, and if you already have one of our favorite generators for homes, it's a perfect way to fill it up with power.

How much does a 5kw wind turbine cost?

A free-standing 5kW wind turbine costs between 27,000\$ and 35,000\$ on average. But keep in mind that you'll also have to pay for planning approval, site preparation, and connecting your turbine to the power grid. This might raise the total amount to between 40,000\$ and 55,000\$.

Do wind turbines come with a kit?

Certain wind turbines come with kits that include everything the user needs to get started. Some turbines come with mounting equipment, such as poles, while others will not. Turbines can also come with a controller that provides remote access to the device.

Which wind turbine generator should I buy?

For most situations, we recommend the Pikasola wind turbine generator for its anti-corrosion and waterproof features. For those on a tighter budget, the budget-friendly Dyna-Living wind turbine generator kit offers low start-up wind speed and resistance to temperatures.

How much does a small wind turbine cost?

It's the Rolls-Royce of home wind turbines, so to speak, and in no small part due to its price tag of approximately \$50,000, depending on the supplier. However, that can be reduced by as much as 30 percent if you qualify for the Small Wind Turbines (Residential) Tax Credit. This is the crux and decision point on the SD6 for most people.
