Yemen Mobile Power Station Type Power Generation

Overview

How many power plants are in Yemen?

Yemen has 7 utility-scale power plants in operation, with a total capacity of 1045.0 MW. This data is a derivative set of data gathered by source mentioned below. Data and information about power plants in Yemen plotted on an interactive map.

Will GE's 'Power Plant on wheels' help Yemen's Petromasila?

GE's "power plant on wheels" will help Yemen's state-owned PetroMasila transition from diesel to natural gas-based power generation. Gas-to-power technologies using associated gas for fuel can help greatly reduce gas flaring—a significant contributor to global warming.
