

SolarMax Energy Systems

Yemen photovoltaic off-grid system

Overview

Throughout the conflict, the majority of the population have been cut off from the public electricity grid. However, as alternatives have been unavailable, the country has turned to decentralised solar energy, giving rise to an unprecedented deployment of solar (home) systems.

Yemen photovoltaic off-grid system

Supply, Installation, Delivery, Testing, Commissioning, Operating

Title Supply, Installation, Delivery, Testing, Commissioning, Operating, handing over and maintaining a solar PV off grid systems for one Health Center and Three Schools in ...
